Dear Students,

Aside from Industry experience, you will be given a recommended minimum allowance of S$1,000 per month for ATAP and SIP.

You may apply for ATAP/SIP via https://mysoc.nus.edu.sg/~projadm/ and select up to three proposals. You may refer to the attached pdf for steps to apply in PAS.

For more information on these programmes, please refer to:

Please take note of the following:

1. A minimum period of 24 weeks for ATAP and 12 weeks for SIP is required for conversion. Please kindly abide with the school’s ATAP/SIP timeline of 9 Mar to 17 April 2015 for requests of conversion of self-initiated applications into ATAP/SIP.

2. You are not allowed to take any modules in the special term while under ATAP/SIP.

3. Students who are doing UROP (CP3208 and CP3209) are not eligible for ATAP/SIP.

4. Students cannot concurrently do CP4101 Final Year Project (FYP) or CS4349 Game Research Project (for CM students in the Concurrent Programme in Interactive Digital Media) with ATAP. Conversion of ATAP related work to FYP/CS4349 is not permitted, irrespective of how good the ATAP-work is.

5. Students who are already on ATAP are not allowed to reduce its duration to turn it into a SIP attachment.

6. CEG students should follow the internship guidelines for CEG students. Please refer to http://www.ceg.nus.edu.sg/ia/.

While CEG students may apply for internship via either IAP/VIP (FoE) or ATAP/SIP (SoC), please do NOT apply both sides (then decide on the ‘preferred’ offer) - it does not leave a positive impression (to reject an offer). Also, it will affect another applicant’s chance.

Students who are on ATAP are eligible to take a maximum of 2 modules (day or night) subject to the company’s discretion and the module coordinator’s approvals.
Conversion of self-initiated internship into ATAP/SIP:
Students are allowed to self-initiate attachment and convert them to ATAP/SIP (subject to approval by coordinator). Kindly note NO retrospective approval will be given for conversion of self-initiated internship into ATAP/SIP. The deadline for conversion is **17 April 2015** and no extension will be granted. **All approvals must be sought for prior embarking on any self-initiated ATAP/SIP if you wish to earn credits.**

You may email Ms Nur Arifah should you have any clarifications. Thank You.

Best regards,
Arifah
