This email is meant for CEG3 Poly entry students of AY09/10 intake.

Dear Students

An additional note for your consideration while you are deciding the modules to read for sem 3 (sem 1, AY10/11).

Students (who are not exempted from CG1108/pending CG2007) can expect to take three CG modules in semester 5 (i.e. Final year, AY11/12) i.e. CG4001, CG2001 and CG3207 where all three modules are project-based.

As such, you may wish to consider taking one more module (e.g. EG2401, EE3204 or TE Breadth) in sem 3 (i.e. total MCs = 24) so as to relieve sem 5 (reduce total MCs from 24 to 20). Four modules in sem 5 may appear as a light load but two of these are 6 MCs modules – a 20 MCs workload (consisting of 3 project modules) would then be more manageable.

P/S: Taking 24 MCs with three project-based modules would be demanding. However, the recommended schedule on ceg site will not be amended since depending on your strength and weakness, some of you may still prefer to just take 20 MCs for sem 3 (MA1506, EE2005, EE2006, CG2271 and CS2103).

Students who have taken EE2007: This is FYI; as mentioned, please bid for EE3207 so that sem 5 workload would be more manageable.

Regards

Winnie
Dear Students,

Please take note of the following important announcement regarding module registration:

1. **Registration in CORS**

The various dates and activities for each bidding round are stated in the CORS website [http://www.cors.nus.edu.sg](http://www.cors.nus.edu.sg). **Round 0** will commence on **22 July 2010 (Thursday) at 9am**.

You may refer to the study schedule at [http://www.ceg.nus.edu.sg/students/studyschedule.html](http://www.ceg.nus.edu.sg/students/studyschedule.html) and ECE-CORS schedule at [http://www.ceg.nus.edu.sg/students/second_year.html](http://www.ceg.nus.edu.sg/students/second_year.html) before bidding in CORS. P/S: The recommended schedule may be pending update – I will email again if there are any changes.

2. **Core module**

<table>
<thead>
<tr>
<th>AY09/10 Intake</th>
<th>Module to be pre-allocated</th>
<th>Via bidding</th>
</tr>
</thead>
<tbody>
<tr>
<td>Students taken CG2007 (i.e. exempted CG1108)</td>
<td>CG2271 CS2103 N.A. N.A.</td>
<td>MA1506* EE3207^ EE3204 EG2401</td>
</tr>
<tr>
<td>Students pending CG2007 (i.e. NOT exempted CG1108)</td>
<td>CG2271 CS2103 EE2005 EE2006 MA1506* N.A. EE3204 EG2401</td>
<td></td>
</tr>
</tbody>
</table>

* CEG3 Poly students are **required to bid for MA1506 (from Round 1A)** if they have fulfilled its pre-requisite and have not taken/passed MA1506.

^ Eligible CEG3 students are recommended to bid for EE3207 (from Round 1A) and use it to map to CG3207 (so as to relieve Yr 4 workload).

- EE programme is undergoing a major revamp & EE curriculum will be changed for AY10/11 intake onwards. With effect from AY11/12, EE200x core modules will NO longer be offered in their current forms (i.e. may not have a direct replacement module). Hence, **students are strongly encouraged to clear the listed EE200x core modules within this academic year**.

- EE3204 is offered only in semester 1; as such, **students who wish to pursue Networking concentration are recommended to read EE3204 in sem 1, AY10/11**. Please bid for it from Round 1A. P/S: The co-requisite of EE3204 is pending revision; please let me know if you are not able to bid for the module.
NOTE 1: The core modules listed in the table will be pre-allocated to you if you have fulfilled their pre-requisites. Hence, you do not need to bid for the core modules in CORS. 1 bid point will be deducted from your program account for each pre-allocated module. It is students’ responsibility to ensure there are no clashes in timetable (lecture, tutorial and lab) for all the modules.

NOTE 2: If you need to re-take any Year 1 core modules i.e. MA1505, PC1432, CS1231 and/or CS1102C (Students who did not pass CG1102 may use CS1102C to map to CG1102), please BID for the module(s) via CORS from Round 1A onwards.

NOTE 3: EE200x core modules are not available for bidding in CORS; students who need to retake EE2005 or EE2006 have to complete an add/drop form at the ECE general office before 6 Aug 2010.

NOTE 4: Students who have not taken or did not pass ES1102 (the previous EG1471) are required to BID for an ES1102 sectional group via CORS from Round 1A onwards. CELC will select you to bid for a particular sectional group.

NOTE 5: Workload Policy for first two Bidding Rounds
For students with a CAP of more than or equal to 2.0, the maximum workload (pre-allocated & bided modules) is 23MCs for Rounds 1 and 2, and 25MCs for Round 3 onwards. This means that students can bid up to 23 MCs (inclusive of pre-allocated modules) up to Round 2 and up to 25 MCs from Round 3 onwards.
For students with a CAP of less than 2.0, the maximum semestral workload is 20 MCs for all bidding rounds. This means that you cannot exceed a workload of 20 MCs in the semester.

Many students often consider Year 2 the most difficult year and 4 core modules can sometimes feel like 5 or 6 modules (depending on your strength and weakness). For students with low CAP, you are advised to space out your modules evenly. For students who are on the borderline, you might even want to consider dropping one of the pre-allocated modules. Please email me regarding this (dropping of pre-allocated module).

NOTE 6: You are advised not to overload yourself by taking more than the recommended workload. If you still wish to increase your semestral workload to above 20 or 25 MCs, you must do so prior the start of CORS by emailing the following the following information to
your Year 2 Coordinator A/Prof Cheong Loong Fah (eleclf@nus.edu.sg) & c.c. me (cegwn@nus.edu.sg):

i) Total MCs you planned to take in semester 1

ii) Supporting reasons

(iii) Sem 1 workplan (module code, title and its respective MCs - please check against CORS for the most updated MCs)

(iv) Personal details (matric no, course code, current CAP)

Please note that even if you are granted the extra MCs, you can only bid from Round 3 onwards.

3. Tutorial and Lab Groups Registration

<table>
<thead>
<tr>
<th>Module</th>
<th>Tutorial</th>
<th>Lab</th>
</tr>
</thead>
<tbody>
<tr>
<td>CG2271</td>
<td>Ballot for tutorial group in CORS from 10 - 12 Aug 2010 (Iteration 1)</td>
<td>Ballot for lab group in CORS from 10 - 12 Aug 2010 (Iteration 1)</td>
</tr>
<tr>
<td>CS2103</td>
<td>Ballot for tutorial group in CORS from 13 - 20 Aug 2010 (Iteration 2)</td>
<td>N.A.</td>
</tr>
<tr>
<td>EE2006</td>
<td>Ballot for tutorial group in CORS from 13 - 20 Aug 2010 (Iteration 1)</td>
<td></td>
</tr>
<tr>
<td>MA1506</td>
<td>Ballot for tutorial group in CORS from 13 - 20 Aug 2010 (Iteration 2)</td>
<td>Ballot for lab group in CORS from 13 - 19 Aug 2010 (Iteration 2)</td>
</tr>
</tbody>
</table>

4. CEG Technical Electives

There are numerous modules serviced over as CEG Technical Electives (Module type code ‘12’); if you have satisfied the pre-requisites, you may bid for these modules from Round 1A.

5. University Level Requirement (ULR) modules

Students who wish to take GEMs and/or ULR Breadth modules have to ensure that the timetables of these modules do NOT clash with the class (lecture, tutorial & lab) and examination timetables of their essential modules. For more details, please refer to:

- ULR Breath website [http://www.eng.nus.edu.sg/ugrad/MS_ulr_1011sem1.html](http://www.eng.nus.edu.sg/ugrad/MS_ulr_1011sem1.html) - Note: There are a few ‘serviced’ ULR modules available for bidding from Round 1A.

You will need to bid in CORS for these GEMs and/or ULR Breadth modules; please refer to http://www.cors.nus.edu.sg/useful-info.html on information regarding CORS bidding rounds.

6. **Important CEG2/CEG3 Briefing**

An important Joint Department Briefing for CEG2/CEG3 Students has been scheduled on **5 August 2010 (Thursday), 2pm in LT6 @ FoE**. There will be talks on Year 2 and 3 curriculum, etc. You are strongly encouraged to attend the session.

7. **Important Websites**

You can refer to the following websites for important information on:

- CEG Third Year Students website (including timetable of the different modules, list of technical electives, FFG checklist, etc) at http://www.ceg.nus.edu.sg/students/third_year.html
- Recommended study schedules at http://www.ceg.nus.edu.sg/students/studyschedule.html
- Examination timetable at http://www.nus.edu.sg/registrar/event/examdir.html (the exam timetable for AY1011, Sem 1 will be updated soon by the Registrar’s Office) Please **check for timetable/examination clashes** before bidding for your modules.

For enquiries, you may contact me via cegcwn@nus.edu.sg. P/S: You are reminded to check and clear your NUSNET email regularly. For ease of correspondence, please retain the email history and sign-off with your full name and matric number.
